## Talks, Workshops, & Webinars for 2026

### Keynotes

- \* **Growing your Gut From the Ground Up** (In person / Online) Explore how soil health, homegrown plants, and simple fermentation practices work together to nourish your gut microbiome—connecting the science of the soil beneath your feet to the microbes that sustain your health.
- \* **Picture Perfect Phone Photography** (In person/Online/Workshop) - Unlock the full potential of your smartphone camera; optimize your smartphone settings, understand key composition principles, explore image editing with free and paid apps, and learn best practices for organizing your images (Garden Comm Media Award - Gold - Best Presentation 2025).

### New for 2026

- \* **Gardens that Heal** - Designing small- space regenerative gardens for recovery and strength (In person / Online)
- \* **Get those Photos off your Phone!** (In person / Online / Workshop) - From phone to print, how to select, edit, and send your photos to the printer to enjoy notecards, calendars, and wall prints
- \* **Framing Florals** (In person workshop only) - Create stunning botanical flatlays and styling still-lives.

*"Your presentation is fantastic, incredibly professional, really great slides and wonderfully explained. I've learnt lot's of useful tips."* - Garden Media Guild, UK, 2025
